

WE LOOK FORWARD TO MEETING YOU AT MNE2017

PROGRAM HIGHLIGHTS

Speakers and other Activities

Federico Capasso, Harvard University, USA
Metasurfaces - New frontiers in Structured light and Surface Waves

Frank Schuurmans, Vice President Research
ASML, The Netherlands
The story of ASML - from spin off to a leading semiconductor lithography company

Mark Hutchinson, ARC Centre of Excellence
for Nanoscale BioPhotonics, Australia
Nanoscale Biophotonics

Naomi Halas, RICE University, USA
Plasmonics for Sustainability

Göran Stemme, KTH Royal Institute
of Technology, Sweden
*10 years celebration talk - MEMS technology for
medical applications*

Olivier Joubert, CEA-LETI, France
*20 years celebration talk - New trends in plasma
etching for ultra large scale integration technology*

Andreas Manz, KIST Europe, Germany
*MNE Fellow Recipient - Biomimetic microfluidics
channel networks and self-assembly*

Poster Sessions

Industrial Sessions

MNE Fellow Award

Startup Sessions
